

STUDENTS' SURVEY ON THE QUALITY OF THE CONTENT AND TEACHING OF STUDY COURSES

Autumn semester of 2021–2022

AIM OF THE SURVEY: to reveal students' attitude about the content of the study subject and the quality of teaching.

TARGET AUDIENCE: students of the study programme *Graphic and Digital Media*, who have completed the autumn semester and passed the examinations.

REFERENCE PERIOD: The study subjects taken in the autumn semester were assessed after receiving the final assessment of the subject by 28 February, 2022.

OBJECT OF THE SURVEY: The study subjects delivered in the autumn semester of 2021–2022.

METHODOLOGY OF THE SURVEY: the quantitative and qualitative methods were chosen for the analysis of the empirical data. The survey was conducted in the Study Management System. The survey questionnaires were submitted to 34 students. Participation in the survey was voluntary. The survey was anonymous and data confidentiality was guaranteed.

The evaluation of the quality of the study subject content was performed according to 6 criteria, the evaluation of the teaching quality was performed according to 8 criteria (in total 14 criteria). Students rated the quality of the content and teaching on a five-point scale, with 1 – strongly disagree, 5 – strongly agree.

SURVEY FINDINGS (N=34)

The average quality assessment of the content of the study programme subjects is 4.61 points (see Figure 1). In 2020–2021, the average of the evaluations of the content of study subjects in the autumn semester was 4.29.

To sum up, it can be stated that students rated the study subject content and the quality of teaching in 2021–2022 autumn semestre as very good. The averages of the study subject content and the quality of teaching according 13 criteria out of 14 are higher than 4.5 points. In 2020–2021, the average of the study subject content and the quality of teaching according to 10 criteria out of 14 was lower than 4.5 points.

The overall average of the assessments of the study subject content and the quality of teaching in the autumn semester of 2021–2022 is 4.76, whereas in the autumn semester of 2020–2021 was 4.33.

It can be assumed that the measures for improving the quality of studies provided in response to the findings of the previous year's student survey were appropriate and resulted in a higher assessment of the quality of studies in the autumn semester of 2021–2022 compared to the findings of the autumn semester of 2020–2021.

Based on the findings of the survey, the focus should be on the formulation of the objectives of study subjects and assessment criteria.
