

STUDENTS' SURVEY ON THE QUALITY OF THE CONTENT AND TEACHING OF STUDY COURSES

2022 Spring semestre

AIM OF THE SURVEY: to reveal students' attitude about the content of the study subject and the quality of teaching.

TARGET AUDIENCE: students of the *Graphic and Digital Media* study programme, who have completed the spring semester and passed the examinations.

REFERENCE PERIOD: The study subjects taken in the spring semester were evaluated after receiving the final assessment of the subject by September 1, 2022.

OBJECT OF THE SURVEY: The study subjects delivered in the spring semestre, 2022.

METHODOLOGY OF THE SURVEY: the quantitative and qualitative methods were chosen for the analysis of the empirical data. The survey was conducted in the Study Management System. Participation in the survey was voluntary. The survey was anonymous and data confidentiality was guaranteed.

The evaluation of the quality of the study subject content was performed according to 6 criteria, the evaluation of the teaching quality was performed according to 8 criteria (in total 14 criteria). Students rated the quality of the content and teaching on a five-point scale, with 1 – strongly disagree, 5 – strongly agree.

SURVEY FINDINGS

The average quality assessment of the content of the study programme subjects is 4.83 points. (see Fig. 1), whereas in the spring semestre, the average of the evaluations of the content of study subjects in the autumn semestre was 4.70 points.

The average of the rating of the teaching quality of the study programme *Graphic and Digital Media* subjects is 4.63 points (see Fig. 2). In the spring semestre of 2021, the average of the assessments of the teaching of study subjects was 4.88 points.

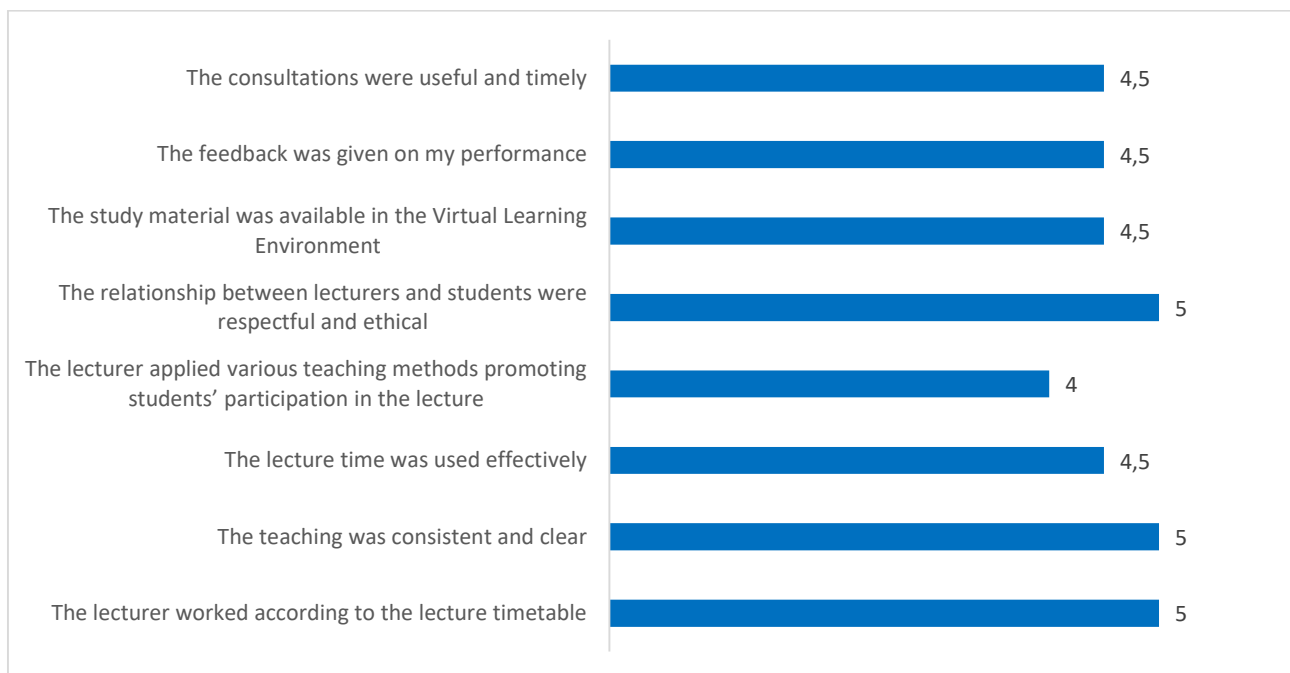

Fig. 2. Evaluation of the teaching quality of the *Graphic and Digital Media* study programme subjects according to eight criteria (arithmetic mean)

To sum up, it can be stated that students rated the study subject content and the quality of teaching of the spring semestre (2022) as very good. The average of the evaluations of the study subject content and the quality of teaching according to 13 criteria is 4.5 or higher, whereas in 2021, the average of the evaluations of the study subject content and teaching quality based on two criteria out of 14, was lower than 4.5. It should be noted that the study subject content was ranked higher in comparison to the quality of teaching.

The overall average of the study subject content and the quality of teaching is 4.73, whereas in the autumn semestre of 2021, the average was 4.79.

Based on the survey findings, teachers were recommended to develop their didactic competences and to apply more diverse teaching methods in the study process.

For more information on the measures implemented in response to students' feedback, see the section *You said, we did*.
